3. Spacing System

Base unit: 8px. Internal card gaps use 6px for consistent vertical rhythm.

4. Component Patterns

Cards

White background, 1px solid #E5DDD3 border, 12px border-radius, 16px padding. Should feel like they float gently.

Schedule Event Cards

Self-contained structure (top to bottom, 6px gaps): Day label (Bodoni 15px) → Event name (Mea Culpa 20px green) → Time (Bodoni 15px) → Venue row with expand arrow. Expandable details on tap.

Expand Arrows

Curvy SVG arrow pointing down, 20x20px, stroke #4A7C59 width 3.5. Rotates 180° when expanded. Same aesthetic as the advance arrow on login/splash.

“A Quick Note” Pattern

Used on Travel and Guide screens. Title: Mea Culpa 20px green. Body: Bodoni Moda 10px italic. No card/box — sits directly on background.

Tab Bar Icons

Hand-drawn SVG line art. Inactive: #8FB89E, Active: #3A6B48. Icons only, no labels. Calendar with “2”, three people, airplane OR microphone (date-dependent), folded map.

Hamburger Menu

Custom SVG (three thin green lines, 22x16px, #4A7C59). Top-right of header. Slides in from right. Bodoni Moda 18px menu items.

5. Navigation

Date-Based Tab Swap

Before April 28: Tab 3 = Travel Information (airplane icon). Toasts in hamburger menu.

After April 28: Tab 3 = Toasts (microphone icon). Travel Info in hamburger menu.

Tab bar hidden on login and splash screens. Both screens always exist; only the tab bar and hamburger menu swap.

Tab Order

1. Schedule (default) — 2. Face Book — 3. [Date-dependent] — 4. San Miguel Guide

Hamburger Order (before April 28)

FAQs, Photo Album, Coffee Map, Registry, Toasts

Hamburger Order (after April 28)

FAQs, Photo Album, Coffee Map, Registry, Travel Info

6. Design Principles

- Every screen has ONE focal point. Everything else supports it.
- When in doubt, add more space. Breathing room is luxury on mobile.
- Screen headers are deliberately understated (16px, gray, regular weight).
- One font treatment per element — don't combine Mea Culpa and Bodoni in the same line.
- Same card style, same padding, same spacing rhythm on every screen.
- Mea Culpa reserved for names and flourishes. Never for body text or labels.
- No stock photos, no countdowns, no trite imagery. Let the cream background breathe.

7. Authentication

Passcode: {firstname}{lastinitial}, all lowercase, no space (e.g., “nimag”, “elienb”). Case-insensitive. Display name extracted by stripping last character and capitalizing.
